### **The Herzfeld Caribbean Basin Fund, Inc. Declares \$1.28 Per Share Year-End Distribution**

**Miami, FL** – The Board of Directors of The Herzfeld Caribbean Basin Fund, Inc. (Nasdaq Capital Market: CUBA) declared a year-end distribution of \$1.28 per share, consisting of \$1.05 per share from net long-term capital gains, and \$0.23 per share from net investment income, payable on January 9, 2008 to stockholders of record December 12, 2007. The distribution is taxable to stockholders for the calendar year 2007.

The distribution will be payable in Fund shares unless the stockholder elects to receive cash. Currently the market price per share of the common stock is trading at a discount to NAV but has at times traded at a premium to NAV. If the market price per share of common stock, on the payment date, is equal to or exceeds the NAV ("trading at a premium"), the distribution will be payable to shareholders in newly issued Shares valued at the greater of (1) NAV or (2) 95% of the then-current market price of the Shares. If the NAV on the payment date exceeds the market price of the Shares at the time ("trading at a discount"), the distribution per share will be payable to shareholders in Shares valued at market price.

Including this distribution, The Herzfeld Caribbean Basin Fund, Inc. will have paid a total of \$3.966 per share in distributions since the Fund's inception in 1994.
